

# A REVOLUTION FOR DYNAMICS

## What You Should Know

Thanks for your interest in utilizing Dynamics Downloads for your solution offerings. Here are some simple tips and procedures all Partners and ISV's should know and be aware of.

### Submitting Solutions:

- All submitted solutions must be in .zip format
- All submitted solutions must include a simple installation guide
- We suggest that you include at least one screenshot of your solution
- All submitted solutions must include a brief product description of about 100 to 200 words
- We suggest that you include a logo for your company in the size of 150x150. If you do not have or do not provide a logo we will choose a default image.
- All submitted solutions must identify the module and category your solution affects or alters
- All submitted solutions must identify all known compatibility specs

If all requirements are met our team will approve and upload your solution within a weeks time.

### Payment Terms & Billing:

- Dynamics Downloads will handle all billing and payments of your sold solutions.
- We will send you a bi-monthly report of all sold solutions including the buyers name, company and additional contact information
- Payments from Dynamics Downloads will occur on the 1st of every month.
- Your solution must be sold 15 days prior to the 1st to be included in the next round of remittance. (ie. If your solution sells on the 29th, you will not receive payment until the 1st of the following month)

To Get Started Login with your account at [DynamicsDownloads.com](http://DynamicsDownloads.com) and click [Solution Upload](#) to submit.
