

BENEFITS

• Manage assets more effectively

AR Customer Change Merge allows changing of Customer IDs in SL while automatically updating AR records and/or merging of two Customers into one Customer.

• Process your information easily

The Change/Merge Customers utility allows you to change Customer IDs and all associated Accounts Receivable records in one easy step. It will also allow you to combine two similar Customers into one Customer while updating the AR records for both Customers.

• Save time and money

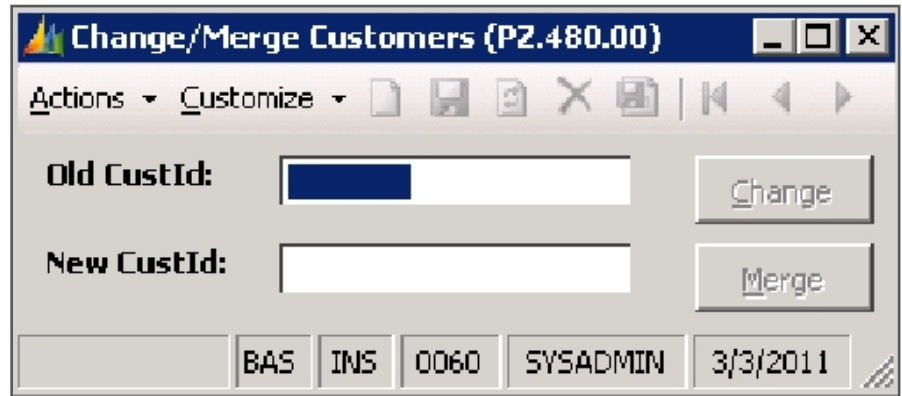

Whether using a single company or multiple companies, AR Customer Change/Merge can handle your Customer updates

• Maintain security

AR Customer Change/Merge uses Dynamics SL's standard security features, so access can be limited to specified users.

Improve efficiency for your business by tracking, viewing and updating accounts receivable customers from within Dynamics SL

AR Customer Change/ Merge changes Customer IDs quickly and updates AR records for that customer in Dynamics SL.

Combine two similar customers into one customer account.

Update Accounts Receivable records for both customers in Dynamics SL.
