

BENEFITS

● Maintain security

Bank Rec Search and Clear module uses Dynamics SL Standard Security to limit access to viewers.

● Put your information to work

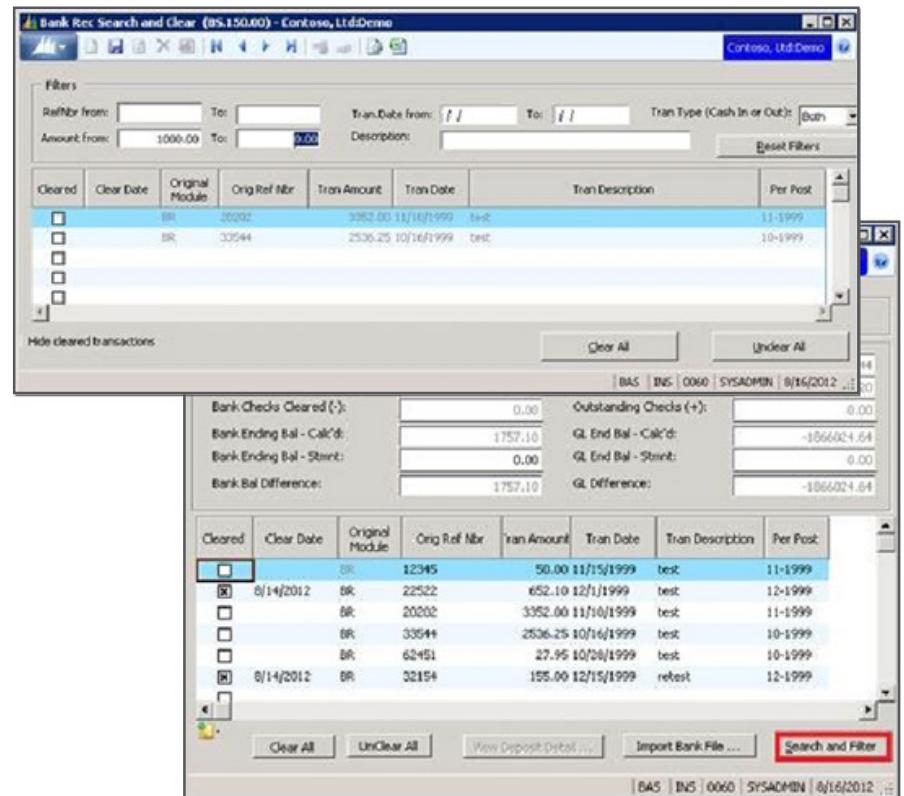

Use Bank Rec Search and Clear to Easily Clear groups of transactions and simply your bank rec process

● Clear by a range of options

Reference Numbers
Amounts
Dates
Combined any of the above

Add searching and filtering capabilities to your standard Bank Reconciliation module within Dynamics SL.

Bank Rec Search and Clear allows you to clear by a range of reference numbers, amounts, dates or any combination of these. You can also filter by cash in/out and description. Easily clear groups of transactions and simplify your bank rec process

This module requires customization manager for the Search and Filter button to be added to your Bank Rec Screen.
