

## BENEFITS

### ● Manage Journal Entries effectively

Easily change any Journal Entry description in Dynamics SL General Ledger. Entries from any module can have their entry description changed, even if they are posted!

### ● Put your information to work

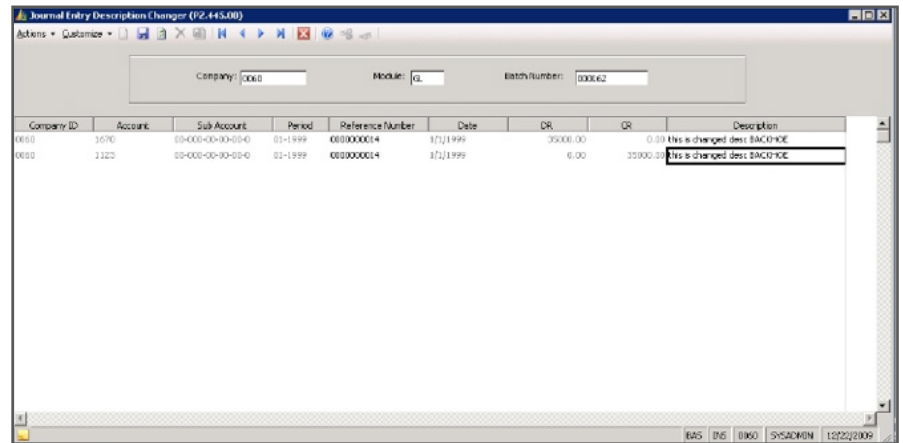

The JE Description Changer utility eliminates the time consuming process of manually correcting entries.

### ● Maintain security

Journal Entry Description Changer module uses Dynamics Standard Security to limit access to users.

Improve efficiency for your business from within Dynamics SL.

Journal Entry Description Changer allows a user to quickly change any descriptions posted to the General Ledger, even from other modules.

Journal Entry Description Changer Screen

Simple process for changing descriptions:

1. Select Entries by batch
2. Change Description on one or many lines in the batch.
3. Save the entry
4. Your Description is now changed!
