

# 1099 VENDOR ACCELERATOR

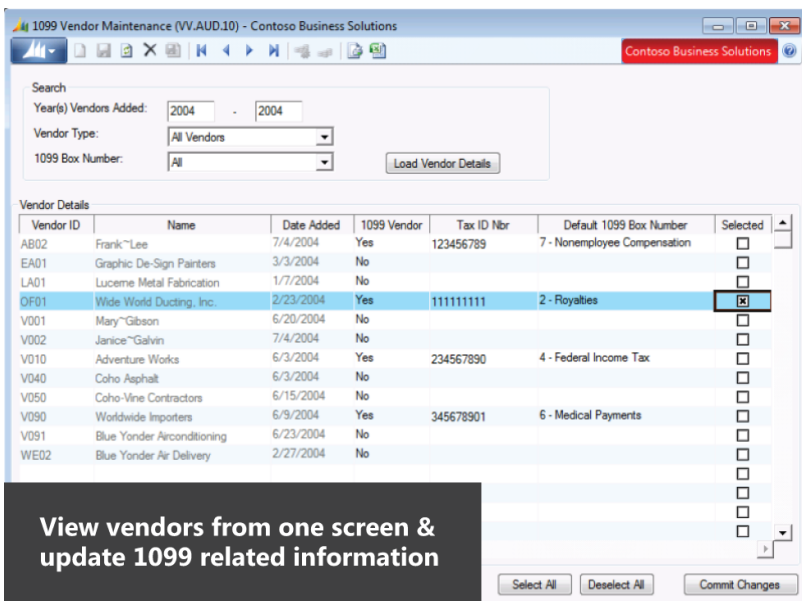

**By Plumblin E Consulting, LLC.**

The 1099 Vendor Accelerator utility... the best thing since sliced bread? It might just be if Payables is your job! Our Payables solutions is simple in design and easy to use, built to make your company more efficient. Whether it's the first of the year or the end of the year, checking the setup of 1099 vendors and verifying their transactions have been posted to the appropriate 1099 tax box can be a daunting task.

Let's face it - the current process of reviewing and changing vendors 1099 information one at a time can be a slow and painful process.

Wish it could be easier? It can be, by adding our new Plumblin E Proven Solution to your Microsoft Dynamics SL system.

The 1099 Vendor Accelerator utility for Microsoft Dynamics SL (version 2011 or 2015) assists with keeping your company's 1099 vendor setup compliant from one easy-to-work in screen.

**View vendors from one screen & update 1099 related information**

## THE BENEFITS 1099 PROCESSING UTILITY

- A single screen to view and update vendor's 1099 status and default 1099 box settings.
- A single screen to review and edit 1099 transactions default box details
- All changes performed are recorded in an audit table and viewable via screen or exported report.
- Change the current 1099 year with a one step process.
- Exclude transactions from review by account or subaccount as needed.
- Review information the way you need it... On screen, in a report or through the built in grid to Excel feature.
- Reduce the time to review your 1099 details

**Bonus: Vendor check inquiry screen displays vendor checks by year**
